Rithwik Industries: Nature's grain, nurtured for you

Rithwik Bird Feeds: No. 1 foxtail millet supplier in India

WHO WE ARE

A FAMILY GRAIN TRADE SINCE 1925

Rithwik Industries carries forward a family grain trade that began in 1925, bringing millets, super foods, oil seeds, pulses and spices to retail packers, traders and bulk buyers.

Rithwik Bird Feeds brings in millets, jowar, maize, sunflower and safflower for birds. We clean and sort everything at our own processing unit, ready to supply processed and unprocessed, to traders, pet shops, bird keepers and export houses.

Grain comes straight from farmers across Andhra Pradesh and Karnataka, after each harvest. Foxtail millet comes from both the summer and the winter crop.

1

FOXTAIL MILLET SUPPLIER IN INDIA

Summer and winter crop foxtail, cleaned, Sortex-sorted and graded in Kurnool.

OUR MISSION

Our mission is to connect farmers directly with industries by sourcing quality agricultural produce, ensuring proper cleaning, grading, and processing, and delivering products that meet the specific requirements of every customer.

We aim to maintain high quality standards, build trusted partnerships, support farmers, and provide reliable agricultural solutions across different industries.

OUR GOAL IS SIMPLE

Empower farmers, ensure quality, and make the right products reach the right industries in the right way.
